The Box Plant of the Future

Moderator, Ed Stuczynski, Menasha Packaging Co, LLC

-Four Seasons Ballroom 3 & 4

With today's higher run speeds and production demands, the need for smooth and efficient movement of finished goods, WIP, and raw materials is essential. Additionally, today's labor shortages can be addressed by reducing labor on high speed flexos and die cutters with automated feeding and stacking equipment. Anyone with a need or interest in improving the flow of material through a box plant would benefit from this session. Panelists will present some of the latest innovations in material handling and automation. Participants include:

Doug Vandergriff, WSA USA, LLC
Mike Shenigo, ACS Conveyors
Dave Ahrendt, Alliance Machine Systems
Randy Grube, C&M Conveyors
Ronald Schuszler, Ducker-Ringwood Automation
Andrea Pongolini, Electric 80 Inc
Paul Gilliam, Inspire Automation
